Personnel Services

Issue Date: 03 April 2020

The impact of Covid-19 on our communities and workforce is growing. As a result if you are core to our immediate effort (a key worker) we would be really grateful if you would consider postponing your annual leave over this peak activity period to help keep people safe and cared for.

For all other employees we would encourage you to take your annual leave as normal, you may be working differently but you still need to be mindful of your own wellbeing and have some rest.

Appropriate arrangements are already in place for SNCT employees.

Your assistance at this difficult time is much appreciated.
