1.0 Who we are

Lanarkshire Valuation Joint Board is a statutory public authority which oversees and scrutinises the office of the Assessor for Lanarkshire and the Electoral Registration Officer for North Lanarkshire and South Lanarkshire.

1.1 The Valuation Joint Board

Lanarkshire Valuation Joint Board was established by the Valuation Joint Boards (Scotland) Order 1995 to allow for the valuation functions of North Lanarkshire Council and South Lanarkshire Council to be discharged jointly following local government reorganisation in 1996.

1.2 Members of the Board

The Order specified that the Lanarkshire VJB should have 16 members; 8 being from North Lanarkshire Council and 8 from South Lanarkshire Council. The Board also acts as a Joint Committee for the purpose of discharging the electoral registration duties of both authorities.

The Board must appoint a convener and depute convener who cannot be from the same authority and must also appoint a clerk and a treasurer. Acting as a valuation authority the Board must also appoint an Assessor and as a joint electoral committee have appointed the Assessor as the Electoral Registration Officer.

1.3 The Assessor

Since the enactment of the Lands Valuation (Scotland) Act 1854, Assessors have been responsible for the valuation of all heritable properties for local taxation purposes within their respective valuation areas. Assessors are statutory independent officials and are currently appointed under section 27 of the Local Government etc. (Scotland) Act 1994 for the purposes of the Valuation Acts. In the case of Lanarkshire the Non-Domestic Rating (Valuation of Utilities) (Scotland) Order 2005 designates the Assessor for Lanarkshire VJB to be responsible for the valuation of all electricity generation, transmission and distribution properties throughout Scotland where such properties are in two or more valuation areas. Although independent, the actions of the Assessor are subject to scrutiny through the Board. Additionally, there exists an independent appeals process where values for non-domestic subjects and council tax bands may be challenged. The Scottish Public Services Ombudsman also looks at complaints of most Scottish public bodies, including those for the Joint Board, as the final stage in handling complaints.

1.4 The Electoral Registration Officer

The Electoral Registration Officer (ERO) is also a statutory independent official appointed by the local authority to prepare and maintain the Register of Electors. North and South Lanarkshire have appointed the Assessor as ERO for their area. The actions of the ERO are also subject to appeal to the Sheriff Court.

2.0 What we do

The Valuation Joint Board is essentially the vehicle for carrying out the statutory duties of the Assessor under the body of law known as the Lands Valuation Acts and the statutory duties of the Electoral Registration Officer under the Representation of the People Act and associated legislation.

2.1 Duties of the Assessor under the Lands Valuation Acts

It is the duty of the Assessor to make up a Valuation Roll for his/her valuation area in respect of each year of revaluation. As noted above, for the purposes of certain electricity subjects, the Assessor for Lanarkshire's valuation area can extend to the whole of Scotland. The Assessor is also required by the Local Government Finance Act 1992 to compile and maintain a Valuation List for each of his councils. These lists must show each dwelling which is in the council area and the valuation band applicable to it.

2.2 The Scottish Assessors' Association

The Scottish Assessors' Association (SAA) was instituted in 1975 at the time of local government reorganisation and is the successor body to the Association of Lands Valuation Assessors of Scotland (1957) and earlier bodies extending back to The Association of Lands Valuation Assessors (1886). The SAA continued in being after the 1996 reorganisation of Scottish local government and operates in terms of a formal constitution.

Although a voluntary organisation, all Assessors and their senior staff are members of the Association. One of the principal functions of the Association is to facilitate a consistency of approach in the administration of the valuation, council tax and electoral registration services. The decisions of the Association have a bearing on how individual Assessors carry out their statutory duties, but each Assessor is an independent official.

The Association has an executive committee containing four Assessors (with each executive member generally holding a particular position on the executive for a period of two years before another Assessor is nominated onto the executive) and works through a series of standing committees, chaired by an Assessor, and associated Working Groups, which meet in advance of plenary sessions which are attended by representatives from all Assessors' offices across Scotland. The SAA liaises with the Valuation Office Agency (VOA) in England and Wales, the Northern Ireland Valuation and Lands Agency (NIVLA) and the Republic of Ireland Valuation Office (RIVO) in matters of common interest. Lanarkshire Valuation Joint Board is represented on all of these committees and on the harmonisation groups with colleagues in other parts of the U.K. and Ireland.

Further information, including details of interactive services provided by the SAA, can be found on its Portal at www.saa.gov.uk.

3.0 The Valuation Roll

The Valuation Roll is a public document which contains an entry for all non-domestic properties in the Assessor's area except those specifically excluded by law. Each entry in the Roll includes the names of the proprietor, tenant and occupier as appropriate, the Net Annual Value which has been set by the Assessor and the Rateable Value. The Rateable Value is derived from the Net Annual value and as legislation currently stands, for the majority of properties, Rateable Value and Net Annual Value are the same. The Valuation Roll for South Lanarkshire also contains entries for the electricity subjects located throughout Scotland where the Assessor for Lanarkshire is responsible for their valuation. The Valuation Roll entry for any property in Scotland can be checked by using the search facility on the SAA's portal website www.saa.gov.uk . Summary valuations are also available on this site for a range of properties.

Values are established at a Revaluation which, in Scotland, are legislated to occur every three years commencing on 1 April 2023. A Revaluation results in the production of a new Valuation Roll which contains revised values for all non-domestic properties in the Assessor's area.

New properties are added to the Roll as they become capable of beneficial occupation and entries for demolished buildings are deleted. Typically, LVJB staff would expect to make over 1,000 such changes to the local valuation roll each year, depending on fluctuating activity in the local property market. The Assessor is required to notify relevant proprietors, tenants and occupiers of changes which he/she makes to the Valuation Roll by issuing a Valuation Notice. All of these interested parties have a right to appeal the valuation set by the Assessor to an independent local valuation appeal committee.

Following the publication of the Barclay Review of Non-Domestic Rates in Scotland, the Non-Domestic Rates (Scotland) Act 2020 was implemented and introduces significant changes to Assessors' workload, not least in moving from a five yearly revaluation with a tone date two years prior to a new valuation roll coming into force, to three yearly revaluations with a one year tone date.

3.1 Valuation Appeal Committee

Most appeals are settled between Assessors' staff and the ratepayer or appointed agent. However, if a settlement cannot be achieved the appeal is heard by an independent Valuation Appeal Committee. Members are drawn from an Appeal Panel appointed by the Sheriff Principal and are independent of the Assessor, local council, or Valuation Joint Board. Committees are assisted by a Secretary, usually a qualified solicitor (also appointed by the Sheriff) who provides advice on the law and procedure, but who takes no part in the decision making process. Members of the Panel are usually unqualified in valuation or legal matters but are appointed because they are local ratepayers or council tax payers. The proceedings are relatively formal, and witnesses can be called and placed on oath by the Committee Chairman. A Committee usually comprises between 3 and 8 members. Sometimes the Assessor will conduct his/her own case or be represented by a member of staff and at other times he/she will be represented by an Advocate or Counsel. Ratepayers (and Council Tax

payers) are entitled to appear in person to present their own case or can be legally represented. A surveyor, family member or friend can also appear on behalf of the appellant.

The Chairman is responsible for the conduct of the hearing and will give advice and guidance as to the procedure to be followed at any time during the hearing.

This committee system is due to be replaced on 1 January 2023 by a new appeal system under the Scottish Courts and Tribunals Service (SCTS).

3.2 Lands Tribunal for Scotland

In general terms, where a valuation appeal is particularly complex or may set a precedent the Assessor or ratepayer can ask to have the appeal heard by the Lands Tribunal for Scotland. In such cases the Assessor will usually be represented by an Advocate or Counsel. The Lands Tribunal for Scotland is an independent civil court. It has statutory power to deal with various types of dispute involving land or property including matters of dispute in valuations for rating on non-domestic properties. The circumstances and manner in which reference of an appeal against an entry in the valuation roll may be made to the Lands Tribunal is a matter for regulations made by the Secretary of State. An application for referral to the Lands Tribunal must be made to the Valuation Appeal Committee and include representations in relation to the following matters which provide the grounds on which a referral request may be made, namely that:

- (a) The facts of the case are complex or highly technical;
- (b) The evidence to be given by expert opinion is complex or highly technical;
- (c) The law applicable to the case is uncertain or difficult to apply;
- (d) The law applicable to the case raises a fundamental or general issue likely to be used as a precedent in other cases;
- (e) The subjects relate to more than one valuation area and the valuation is appealed in more than one such area.

Appeals heard by the Lands Tribunal for Scotland are due to be dealt with under the new set up within the Scottish Courts and Tribunals Service (SCTS) with effect from 1 January 2023.

3.3 Lands Valuation Appeal Court

A decision of the Valuation Appeal Committee or the Lands Tribunal for Scotland can be appealed to the Lands Valuation Appeal Court. Such an appeal takes the form of a stated case. The case is to be stated to the judges of the Lands Valuation Appeal Court, which is a civil court in Scotland composed of 3 Court of Session judges. The procedure involves LVJB staff preparing transcripts, making representations and observations on draft stated cases, and liaising with Counsel on grounds/answers to grounds of appeal in preparation for the case being heard at the Court of Session in Edinburgh.

4.0 Council Tax

The Assessor is responsible for the preparation and maintenance of the Valuation (Council Tax) List, which places each domestic property ("dwelling") in one of eight valuation bands (Bands A – H).

4.1 The Valuation (Council Tax) List

The Valuation (Council Tax) List is a public document and contains the addresses and Council Tax bands of all domestic properties ("dwellings") in the valuation area. It can be inspected at the Joint Board's office in Blantyre. A Valuation (Council Tax) List entry for any domestic property in Scotland can also be checked by using the search facility on the Scottish Assessors' portal website www.saa.gov.uk.

4.2 Dwellings

In general terms any kind of house or flat will be determined as a dwelling if it used as such, including second homes. Caravans count as dwellings if they are someone's main home. Certain properties in multiple occupation, where facilities are shared, may count as one or more dwellings depending on the detailed occupation arrangements.

The band reflects the Assessor's opinion of the property's open market value as at 1 April 1991, but taking account of its physical state and its locality as at 1 April 1993 (for new dwellings the date of valuation is still 1 April 1991 but taking account of the current physical state and location of the property) and subject to a number of important statutory assumptions. Assessors base their opinion of value on the actual selling prices of similar properties which sold around the valuation date of 1 April 1991.

Prior to the introduction of Council Tax (and before the Community Charge (Poll Tax)) Assessors were responsible for domestic property rating and maintained data bases of information about houses in their areas. This information included details of accommodation, floor areas, outbuildings, improvements etc as well as actual selling prices recorded in the Register of Sasines (Land Register).

The Assessor is not required to place an actual value on each dwelling but has to demonstrate that its likely sale price would have been within the range of values in the relevant band. Due to the range of values in each band, properties which are not identical in terms of accommodation or size can still be in the same band. Therefore, a two or three bedroomed flat can easily be in the same Band as a semi-detached or terraced house.

Many houses will also have been extended and/or modernised since 1993 when Council Tax was introduced. These changes will not necessarily be reflected in their current banding since there are restrictions on when a band can be changed. It is possible therefore that bands may appear inconsistent with the current physical circumstances of a group of houses in an area. This is because the bands reflect what the houses were worth in the physical state they were in on 1 April 1993 not how they are today.

4.3 Council Tax Valuation Bands

<i>Range of values</i>	<i>Valuation band</i>
Values not exceeding £27,000	A
Values exceeding £27,000 but not exceeding £35,000	B
Values exceeding £35,000 but not exceeding £45,000	C
Values exceeding £45,000 but not exceeding £58,000	D
Values exceeding £58,000 but not exceeding £80,000	E
Values exceeding £80,000 but not exceeding £106,000	F
Values exceeding £106,000 but not exceeding £212,000	G
Values exceeding £212,000	H

4.4 Statutory Assumptions Applied to Banding

The Assessor must make a number of statutory assumptions in determining the Council Tax band. These are:

- the sale was with vacant possession
- the dwelling was in a state of reasonable repair (regardless of its actual condition)
- the size and layout of the dwelling and the physical state of the locality were the same as at the time when the valuation of the dwelling was made
- the dwelling was sold free from any heritable security (i.e. any mortgage is assumed to be paid off)
- common parts were in a state of reasonable repair (regardless of their actual condition) and the purchaser would be liable to contribute towards the cost of keeping them in such as state
- use of the dwelling would be permanently restricted to use as a private dwelling; and
- the dwelling had no development value other than that attributable to "permitted development".

There are also special provisions applicable to the Council Tax banding of properties used in connection with agriculture, crofting or fish farming, and properties adapted for people with physical disabilities.

4.5 New Houses

As part of the maintenance of the Valuation (Council Tax) List the Assessor adds new built houses to the list as soon as possible after they are completed. It is one of the Joint Board's key performance measures to do this as efficiently as possible.

4.6 Council Tax Proposals

If you are the owner of the property or the person liable to pay Council Tax for it, you can lodge an appeal (known as a "proposal") to alter the Council Tax band:

- within six months of becoming the owner or the liable person
- within six months of the Assessor altering the band

- within six months of an appeal decision, which is a relevant decision, in respect of a dwelling comparable to yours which gives you reasonable grounds to contend that the band applicable to your dwelling should be changed
- at any time if there has been a “material reduction” (see below) in the value of the dwelling
- at any time if there has been a “material increase” (see below) in the value of the dwelling and it, or any part of it, has subsequently been sold
- at any time if the balance between domestic and business use changes (for example, in hotels or boarding houses)
- at any time to add from a particular date a dwelling not shown on the list
- at any time to delete from a particular date a dwelling shown on the list.

The Assessors’ portal has been developed to allow Council Tax payers to lodge a proposal on-line www.saa.gov.uk. A member of the Assessor’s staff will discuss the proposal/appeal with the tax payer and if it cannot be resolved, it will be referred to the Valuation Appeal Panel to be heard by a Committee. The Committee will hear the appeal within its normal cycle of hearings and will issue formal notification of the date and time of the hearing and details of the appeal procedure.

This committee system is due to be replaced on 1 January 2023 by a new appeal system under the Scottish Courts and Tribunals Service (SCTS).

4.7 Material Reduction in Value

The band of a house may be reduced if there has been a material reduction in its value. A material reduction in value may result from the demolition of any part of the dwelling, any change in the physical state of its locality or any adaptation of the dwelling to suit a person who is disabled. A reduction in value caused, for example, by a downturn in the housing market, does not count for this purpose.

4.8 Material Increase in Value and Subsequent Sale

The band of a house may be increased if there has been a material increase in its value and it is subsequently sold. A material increase in value may result from, for example, the building of an extension to the property. Any change in the Council Tax band following on from a material increase in value will only take effect from the date the property is sold. This means that although many properties have had material increases in their value since they were originally banded in 1993, these increases will not be reflected in the band if they have not been subsequently sold.

4.9 Correction of Errors

Where the Assessor is satisfied that the band of a house is not the band which should have been set he/she may amend the Valuation (Council Tax) List to correct that error. This can lead to a band being increased or decreased depending on the circumstances. A reduction in band would be corrected effective from 1 April 1993 or from the date the dwelling entered the list, whichever is later. Any increase in banding as a result of the correction of an error may however be charged by the billing authority from the 1st of the month following the correction.

5.0 The Register of Electors

The Register of Electors contains details of everyone who has registered to vote. It is used to determine who can vote at elections while the Register is in force. A new Register is published at least once a year, no later than 1st December. A revised version may be published at other times if, for example, major changes are made to the Register in the course of the year.

5.1 Register Updates (Rolling Registration)

The current version of the Register comes into force on or before 1st December each year and is updated on a monthly basis to reflect changes in people's circumstances as they occur. For example, if you move house and notify the Electoral Registration Officer of the change early in March, your name could be added to the Register on 1 April. It is now possible to register online at www.gov.uk/register-to-vote.

5.2 Annual Canvass

The Register is updated monthly to add new electors and to deal with address changes etc. In connection with the annual canvass of households, Canvass Reform 2020 introduced new procedures for canvassing including a data matching step which meant that there was no longer any requirement to issue reminders to households where data matched. The information obtained during the annual canvass of electors forms part of the new Register published on or before 1st December. During the annual canvass the ERO must take all steps that are necessary to ensure the he/she meets his/her duty to maintain the register in accordance with Section 9A of the Representation of the People Act 1983 (as amended by the Electoral Administration Act 2006).

In practice, at each year's canvass of electors, the ERO issues a Canvass Form (CF) to each household in Lanarkshire which was unmatched at the data matching stage, followed by at least one reminder (where no return is received) followed by a visit by a canvasser (again where no return is received). Additionally, datasets such as Housing and Council Tax records are inspected for identification of empty houses and/or new taxpayers' names. All other properties which do match are issued with a canvass communication Letter (CCA) where there is no need to respond unless there is a change to the information.

Since the introduction of Individual Electoral Registration (IER) in Scotland on 19th September 2014, Electoral Registration Officers are also required to issue Invitation to Register forms (ITRs) where he/she believes someone to be resident at an address but is not on the electoral register.

5.3 The Open Register

Electors can choose to have their names excluded from the version of the Register made available for sale (the "Open Register") whilst remaining on the version used at elections (the "Full Register"). The intention behind this provision is to safeguard the privacy of electors and restrict unwanted "junk mail". In relation to the interests of the democratic process however the Full Register, which is a public document, is available for inspection throughout registration areas at some public libraries, some council offices and at the offices of the ERO.

5.4 Qualifying to Vote

To qualify to be registered to vote at UK elections you must be resident or deemed resident in the registration area, a British, other Commonwealth, or Irish citizen aged 18 or over (16 and 17 year-olds can register but cannot vote until they are 18) and not subject to any legal incapacity. Young persons aged 16 and over may vote at Scottish Parliamentary and Local Government elections. (14 and 15 year olds can register but cannot vote until they are 16)

Scottish Elections (Franchise and Representation) Act 2021

Legislation to extend the franchise to all foreign nationals resident in Scotland came into force on 3 August 2020. This allows all foreign nationals the ability to register and vote in Scottish Parliament and local elections from that date.

5.8 Overseas Electors

British citizens resident abroad can register to vote by means of an Overseas Elector's Declaration, provided that on the date the Declaration is made:

- they are not subject to any legal incapacity to vote
- they were once registered to vote in the UK and less than 15 years have elapsed since the Register they were on was in force (currently being reviewed) or
- a parent or guardian was so registered, if the applicant was too young to register to vote at the time.

The Declaration lasts for 12 months and then lapses if not renewed by the elector. The ERO is obliged to send a reminder and a new application form to the elector between 9 and 10 months from the date on which the entry on the Register took effect. The most convenient way to vote for an overseas elector is by post or proxy.

5.9 Homeless People

A person who has no fixed address can register to vote by means of a Declaration of Local Connection. The Declaration lasts for 12 months and then lapses if not renewed by the elector. The ERO is obliged to send a reminder and a new application form to the elector between 9 and 10 months from the date on which the entry on the Register took effect. This form of registration is also available to prisoners on remand awaiting trial but not yet convicted.

5.10 Service Electors

The following people are entitled to register to vote as service electors:

- a. serving members of the armed forces and their spouses or civil partners (for whom the entitlement exists as an alternative to registering as civilian electors if resident in the UK).
- b. British Council staff and Crown Servants in posts abroad and their spouses or civil partners by completing and submitting the appropriate Service Declaration form, which includes the facility to apply to vote by post or proxy.

The Declaration, in relation to electors in paragraph a. above, lasts for 5 years and then lapses if not renewed by the elector. The ERO is obliged to send a reminder and a new application form to the elector between 57 and 58 months from the date on which the entry on the Register took effect. For electors in paragraph b. above the declaration lasts for 12 months and then lapses if not renewed. The ERO however is obliged to send a reminder and new application form between 9 and 10 months from the effective date.

5.11 The Absent Voters' List (Postal Voters' List)

The Electoral Registration Officer also maintains a list of people who are entitled to vote by post or by proxy. This is known as the Absent Voters' List.

Postal voting is available to anyone, whatever their circumstances.

Long-term proxy voting is available to people who cannot reasonably be expected to attend their polling station at elections because:

- they suffer from a physical incapacity, or
- their employment duties take them away from home, or
- their attendance on a course of study takes them away from home.

Temporary proxy voting is available to people who cannot reasonably be expected to attend their polling station at elections because they will be away from home temporarily (e.g. on holiday) on the date of the election.

5.12 Elections Act 2022

The Elections Bill was introduced in the House of Commons on 5 July 2021 (Bill 138), receiving Royal Assent on 28 April 2022. It introduces photographic identifications (voter ID) to vote at polling stations in UK Parliamentary elections, as well as removing the 15-year limit for British citizens living abroad to vote in UK Parliamentary elections. It is intended that postal vote applications for such elections will require to be re-applied for every three years, instead of the current five yearly requirement. It is intended that secondary legislation will be developed over the course of the next year with implementation of the voter ID in time for polls taking place in spring 2023. All other measures are expected to be implemented within the current lifetime of the UK Parliament.
