

## **Revaluation 2023**

### **Guidance Note**

#### **Valuation of Car Spaces**

##### 1.0 Introduction

This Guidance Note should be used for the valuation of Car Spaces. A separate Guidance Note exists for Car Parks.

In general the user (or the user's employer) of Car Spaces will be in rateable occupation of these spaces. In many cases these subjects will be 'occupied with' another nearby commercial property (and may be a pertinent of it) but will be shown as a separate entry due to the rules of unum quid.

This Guidance Note should not be used for the valuation of Car Parks, where in the main the user(s) are not the rateable occupiers, they have no right to occupy any given space and will operate on a first come first served basis.

##### 2.0 Basis of Valuation

Car Parks will be valued by application of the Comparative Principle

The suggested unit of comparison is a rate per space. Where there are no marked bays the number should be estimated at a ratio of 1 space per 25 square metres, which includes for circulation space.

### 3.0 Basic Rate / Space to be Adopted

Hamilton & East Kilbride Town Centre and Other Established Office Locations  
£480/space

#### Others Towns & Villages
