

Sustaining the future of local halls survey 2025/26

South Lanarkshire Leisure and Culture recognises the vital contribution community and school halls make towards our vision for healthier, happier, more connected lives by bringing people together, improving health and wellbeing, and strengthening community ties.

We intend to move from five categories of booking to three categories in order to streamline the booking process.

We therefore invite your feedback on the use and capacity of our lettable community and school spaces, along with a proposed pricing structure designed to better reflect the operational costs needed to sustain them.

Please note – this consultation is focused on our lettable indoor spaces and therefore does **not** include pitches.

Pricing

SLLC has withdrawn from 42 halls in recent years. In order to help prevent further withdrawals in our localities, our current pricing model needs to change to one that is more financially sustainable.

Our aim throughout this process is to ensure we meet our communities' needs through the appropriate subsidies, while also remaining attractive financially to customers wishing to use them on a commercial basis.
